

BETEL YEMANEBIRHAN

Software Engineer

📍 Addis Ababa, Ethiopia 📞 +251 90 664 4386 ✉ yemanebetel@gmail.com

PROFESSIONAL SUMMARY

Motivated Software Engineering student with a strong foundation in full-stack development and data management, committed to delivering efficient, high-quality technical solutions. Proven ability to adapt quickly to new technologies and work effectively within collaborative team environments to meet organizational goals. Highly analytical professional with a focus on leveraging modern frameworks like ASP.NET Core and Angular to drive community and organizational development.

WORK EXPERIENCE

Custer Computing Plc | Developer (Intern) | March 2025 - June 2025 Addis Ababa, Ethiopia

- Contributed to the design and implementation of scalable web applications using ASP.NET Core and Angular, ensuring seamless integration between frontend components and RESTful APIs to improve system reliability by 15%.
- Managed and optimized Microsoft SQL Server databases by writing complex SQL queries and utilizing Entity Framework Core, which resulted in a 20% reduction in data retrieval times for key reporting modules.
- Provided comprehensive technical support and maintained digital systems through rigorous debugging and unit testing within the SDLC framework, successfully resolving over 30 technical issues during the internship period.

SKILLS & TECHNOLOGIES

Professional Skills: Software Development Life Cycle (SDLC), Object-Oriented Programming (OOP), RESTful API Development, Responsive Web Design, Database Design & SQL Optimization, Requirements Analysis, Agile Methodology, Problem Solving

Tools & Technologies: C#, Java, JavaScript, TypeScript, Python, SQL, C++, Angular, React, ASP.NET Core, Entity Framework Core, Microsoft SQL Server, PostgreSQL, Git/GitHub, Docker, Postman

Languages: English (Proficient), Ethiopian Sign Language (Proficient)

EDUCATION

Debre Berhan University

2026

Bachelor of Science in Software Engineering

Debre Berhan, Amhara
